

# Open Country M/T-R

---

## **\*For Competition Use Only.\***

The Open Country M/T-R is a race-spec off road competition tyre. The Open Country M/T-R is the choice of field leading drivers racing on the world's toughest tracks, including the Baja 1000 and the Australian Off Road Racing Championship.

Developed from Toyo's off-the-shelf mud-terrain tyre, the Open Country M/T-R's unique compound provides exceptional resistance to cutting and tearing. This, combined with the tyre's tread design, offers competitors class-leading traction and durability.

- Specially developed tread compound.  
Exceptional resistance to tread block cutting and tearing.
- Aggressive high-void ratio tread pattern.  
High levels of traction over a wide range of off road surface types.
- High strength casing construction utilising two nylon cap plies and extreme turn-up carcass plies.  
Exceptional resistance to punctures and sidewall damage in extreme conditions.
- Tread blocks on upper sidewall.  
Traction at extreme low pressures and protection from damage for the upper sidewall.

## **Tyres Size**

39 X 13.5 R17 121N

37 X 13.5 R17 117N

35 X 12.5 R17 111N
