

ADVAN A005

On-Track Performance: Yokohama's ADVAN A005 is derived from vigorous testing at worldclass tracks like LeMans and Sebring. It is a racing tire that offers design, construction and compounding to provide uncompromised handling and steering response for dry circuit use. A005 promises both wear-resistance and premium driving stability on-track.

ADVAN A005

Size	Overall Diameter (mm)	Tread Width (mm)	Section Width (mm)	Recommended Rim Width (Inch)
190/580R16	581	196	203	7
240/640R17	640	233	253	9
250/650R18	650	269	273	10
280/650R18	649	287	303	11
280/680R18	682	284	299	11
280/710R18	709	261	301	11
290/710R20	707	290	304	11
330/710R18	708	338	355	13
